Is there documentation in the medical record that the patient was referred to the next level of care provider upon discharge from a hospital based inpatient psychiatric setting?

Select one option:

- 1. The medical record contains documentation that the patient was referred to the next level of care provider upon discharge from the hospital based inpatient psychiatric setting
- The medical record contains documentation that the patient or guardian refused the next level of care provider upon discharge from a hospital based inpatient psychiatric setting OR refused to authorize release of information.
- 3. The medical record contains documentation that the patient:
 - -- eloped OR
 - -- failed to return from leave and was discharged OR
 - -- was discharged from the hospital from a setting other than a *Psychiatric Care Setting* to another level of care outside of the hospital system.
- The medical record contains documentation that the patient was NOT referred to the next level of care provider upon discharge from a hospital based inpatient psychiatric setting for a reason other than options 1 – 3.
- 5. The medical record does not contain documentation that the patient was referred to the next level of care provider upon discharge from a hospital based inpatient psychiatric setting OR unable to determine from the medical record
