ANTIBIO

During the timeframe from (computer display sepresdt/seprestm - 72 hours) to (computer display sepresdt/seprestm + 6 hours) was a broad spectrum or other antibiotic administered intravenously (IV)?

1. Yes

2. No or unable to determine

Beginning with the <u>first</u> antibiotic administered during the timeframe from (computer display sepresdt/seprestm - 72 hours) to (computer display sepresdt/seprestm + 6 hours), enter the name of each antibiotic administered during the specified timeframe.

BIODATE - Enter the date of administration for each antibiotic. **BIOTIME** - Enter the time of administration for each antibiotic.
