

VTE 4q11 – VTE6 – Incidence of potentially preventable venous thromboembolism

REVSTAT
 REVIEW STATUS (not abstracted)
 0. Abstraction has not begun
 1. Abstraction in progress
 2. Abstraction completed w/o errors
 3. TVG failure (exclusion)
 4. Record contains missing required answers (error record)
 5. Administrative exclusion from all measures

CATNUM
 Sample category (received on pull list)
 65. No VTE sub-population
 66. Principal VTE sub-population
 67. Secondary VTE sub-population

AGE (calculated field)
 VTEADMDT - Patient date of birth

VTEDCDT (VTE)
 Discharge Date

VTEADMDT (VTE)
 Date of admission to acute inpatient care:

VTEPRIN (VTE)
 Enter the ICD-9-CM principal diagnosis code:

VTEOTHDX# (1-17) (VTE)
 Enter the ICD-9-CM other diagnosis codes:

ARRVTEDX (VTE)
 Is there documentation by the physician/APN/PA that venous thromboembolism (VTE) was diagnosed or suspected on admission?
 1. Yes
 2. No

COMFORT (VTE)
 When is the earliest physician, APN, or PA documentation of comfort measures only?
 1. Day of arrival (day 0) or day after arrival (day 1)
 2. Two or more days after arrival (day 2 or greater)
 3. Comfort measures only documented during hospital stay, but timing unclear
 99. Comfort measures only was not documented by the physician /APN/PA or unable to determine

CLNTRIAL (VTE)
 During this hospital stay, was the patient enrolled in a clinical trial in which patients with venous thromboembolism (VTE) were being studied?
 1. Yes
 2. No

VTETEST (VTE)
 Is there documentation that a diagnostic test for VTE was performed?
 1. Yes
 2. No

POSVTE (VTE)
 Is there physician/APN/PA documentation that the patient had a diagnosis of VTE confirmed in one of the defined locations?
VTE Location: DVT located in the proximal leg veins, including the inferior vena cava (IVC), iliac, femoral or popliteal veins, or to pulmonary emboli (PE).
 1. Yes
 2. No or unable to determine from medical record documentation

NOMECPRO (VTE)
 Did the physician/APN/PA or pharmacist document a reason for not administering mechanical VTE prophylaxis anytime from admission day to the day before the VTE diagnostic test order date?
 1. Yes
 2. No

NORXPRO (VTE)
 Did the physician/APN/PA or pharmacist document a reason for not administering pharmacological VTE prophylaxis anytime from admission day and the day before the VTE diagnostic test order date?
 1. Yes
 2. No

VTEPROADM (VTE)
 Was mechanical and/or pharmacological VTE prophylaxis administered anytime from admission day and the day before the VTE diagnostic test order date?
 1. Yes
 2. No
 95. Not applicable
