REVSTAT
REVIEW STATUS (not abstracted)
0. Abstraction has not begun
1. Abstraction in progress
2. Abstraction completed w/o errors
3. TVG failure (exclusion)
4. Record contains missing data or errors
5. Administrative exclusion from all measures

COLONDT
Enter the date of the colonoscopy completed during the timeframe from (computer display stdybeg to stdyend).
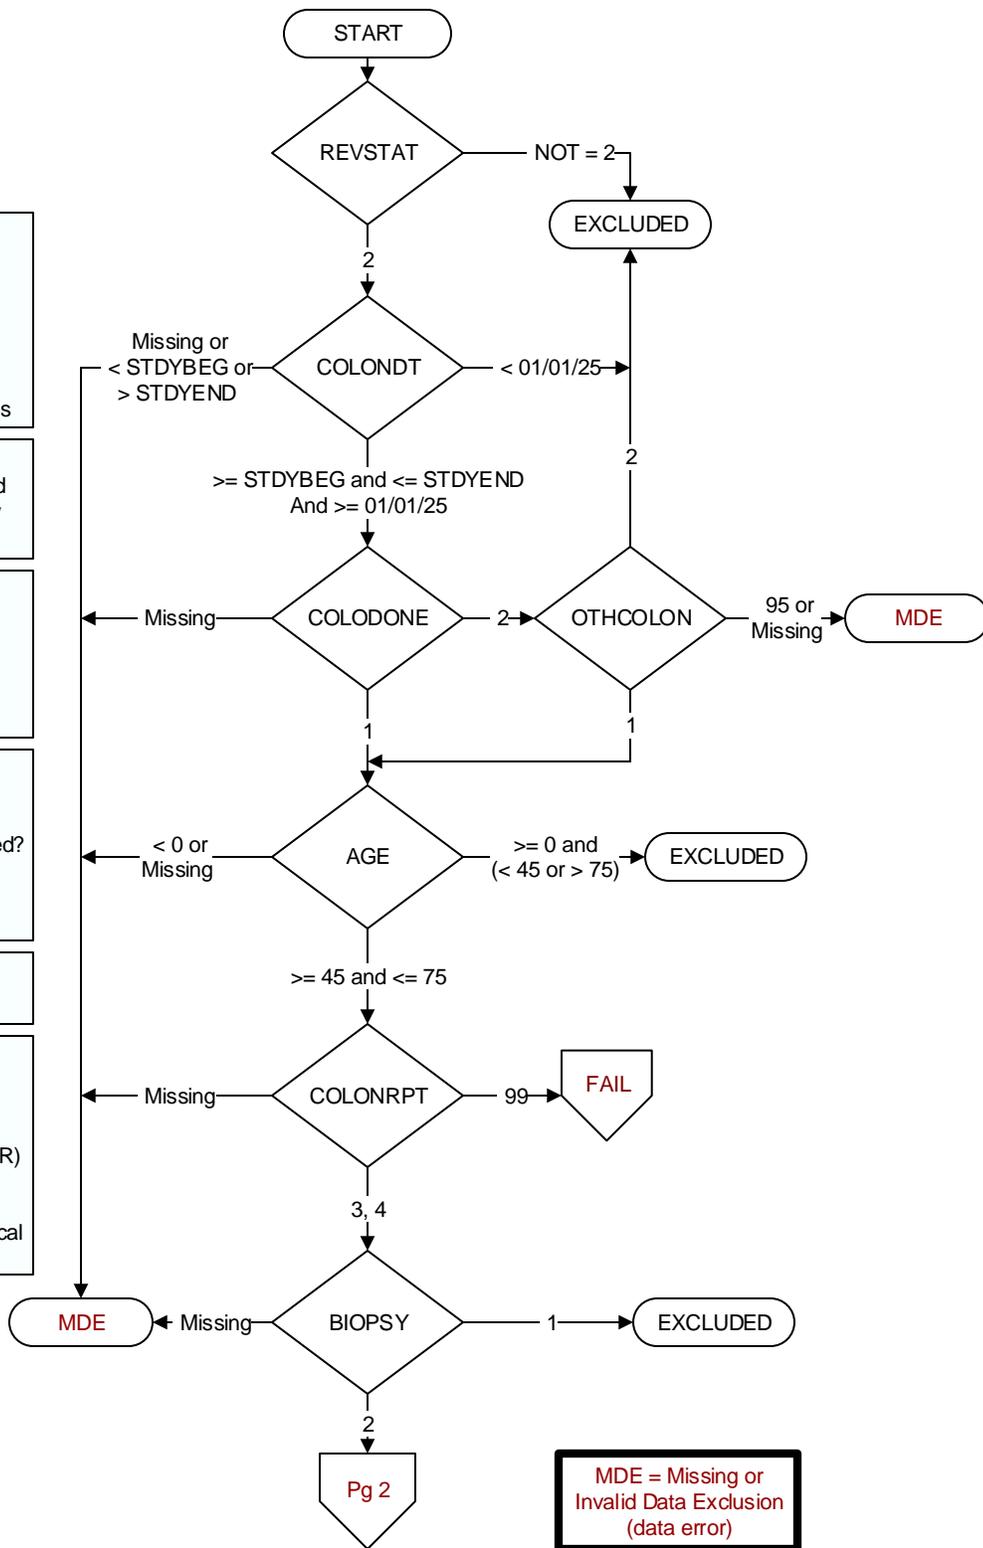

COLODONE
On (computer to display colondt), is there documentation of the colonoscopy in the medical record?
1. Yes
2. No

OTHCOLON
During the timeframe from (computer to display to stdybeg to stdyend), is there documentation a colonoscopy was performed?
1. Yes
2. No
95. Not applicable

PULLDT
Date sample pull list received

COLONRPT
Was the colonoscopy procedure report/note found in the medical record?
3. Procedure report/note found in CPRS or Oracle Health Electronic Health Record (EHR)
4. Procedure report/note found in VistA imaging or Joint Longitudinal Viewer (JLV)
99. Procedure report/note not found in medical record

BIOPSY
During the colonoscopy performed on (if colodone = 1, computer display colondt or if colodone = 2, display othcoldt), was a biopsy or other tissue removal (e.g., polypectomy) performed during the colonoscopy?
